

How to Add a New Email

On the Email Updates page, enter your name under "New Email Details." Then, enter your email address in the two blanks provided.

Renaissance Home Connect

< Back

Email Updates

Add up to six people to track **Aria Coleman**'s progress on activities completed in the Renaissance products selected under the 'Add People' tab.

New Email Details

Name
Claire Coleman

Email Address to Receive Updates
ccoleman@noemail.com

Confirm Email Address
ccoleman@noemail.com

Subscription Language Preference: ☒ English ☐ Spanish

When you're done, select **Submit**.

A message will tell you that a verification email has been sent. Click **OK** in the message.

When you receive the verification email, click **Verify Email Address** in the email to verify your email address. You will be taken to the Email Verified page to confirm that this has been done.

You can repeat these steps to add up to **six total email addresses**, all of which would be listed in the table. The table shows you which email addresses have been verified; only those addresses will receive emails.

Under the fields for your name and email address, choose whether to receive email updates in English or Spanish.

Under Email Notifications Preferences, check the boxes for STAR Reading, STAR Math, and Accelerated Reader.

Reading Renaissance

Everything you need to know
A Guide for VASC Parents

What is Accelerated Reader?

Accelerated Reader (AR) is a computer program that helps teachers manage and monitor children’s independent reading practice. Your child picks a book at his own level and reads it at his own pace. When finished, your child takes a short quiz on the computer. (Passing the quiz is an indication that your child understood what was read.) AR gives both children and teachers feedback based on the quiz results, which the teacher then uses to help your child set goals and direct ongoing reading practice.

A.R. Apps

Accelerated Reader
This is the app that your child will click on to take their reading quiz on their book.

Freckle
This app is a digital learning platform that helps students learn key skills and concepts in math and English Language Arts (ELA). Freckle also offers optional activities in social studies and science. Freckle continuously adapts to each student's just-right learning level and provides student-friendly incentives and engaging activities at the appropriate level of challenge. This helps students improve their skills, while promoting growth and proficiency. When students get stuck, customized supports guide them through practice, so they are encouraged to never give up.

myON
This app is a digital reading platform that provides students with unlimited opportunities to read in and out of school time, all year long. They can choose engaging, authentic books that match their interests and reading level.

Students can read online wherever they have an Internet connection. Students who may not have Internet access at home can download books to read offline using free mobile apps.

Students can also record themselves reading aloud to build fluency and confidence in reading.

Parent Email Updates on A.R. Quiz Activity

Parents can sign up to receive an email every time their children take an Accelerated Reader quiz. The email includes the book's title and author, the student's score, the points earned, and the book/article level.

To sign up, parents select **Get Email Updates**, from the student Home page (when their child logs in).
