

*****Highschool Parents/Guardians Please Register for FDTC Emergency Alert System*****

Florence-Darlington Technical College's Emergency Alert System (FDTC Alerts) is an EAS system the college has adopted to communicate vital information to students, faculty/staff, and the public as efficiently as possible of potential events on campus.

FDTC Alerts includes the following notification methods:

1. Mobile Alerts: Text and or voice messages delivered to mobile/home phones, etc.
2. Email Alerts: Email alerts by default will be sent to your FDTC email account. Student, faculty, and staff email address will be prepopulated into the system.
3. FDTC Web Alerts: These alerts will be posted to FDTC's website ([fdtc.edu](https://www.fdtc.edu)) and on FDTC's Facebook page.
4. Scrolling signs and sirens: These audible and visual alerts are placed in key areas of the college.

Report a Crime

If you are in or see someone in an emergency or life-threatening situation, call 911 immediately!

Sheriff's Assistance 8:00am - 11:00pm

1. Call Security at Ext. 8210 on the main campus, Ext. 8510 at the Health Science Campus, or Ext. 2810 at SiMT or dial "0" and request assistance in locating either the appropriate Security or Student Services personnel.
2. Identify yourself and any injured person(s) when reporting the incident, providing as much detail as possible.

Incident Reporting

To report incidents of academic, physical threats, or sexual misconduct please visit the [**incident reporting page**](#).
